METIP

Missie van METIP

- Startup accelerator & incubator
- Offshorehaven innovatie hub
- Droneport demonstratie-omgeving voor autonome systemen
- Kennishaven innovatie en onderzoek
- Defensiehaven civiel-militaire samenwerking

METIP.NL

Startups, Scale-ups en de Kon Marine

METIP Community

**Samen leren
en innoveren**

**Inspirerende
Workshops**

Demonstraties

**Samenwerking
met onderwijs**

Partner events

**Maritiem innovatie
B2B platform**

Toekomstige ontwikkelingen

- Autonomie
- Robotisering
- Elektrificatie
- Integratie
- Duaal ontwikkelen en gebruik
- (Inter)nationale samenwerking

METIP

METIP.NL

Sustainable Air Mobility Lab (SAMLab)

- Samenwerking met Provincie Noord-Holland en Amsterdam Drone Lab
 - Binnenstedelijke logistiek
 - Maritieme logistiek en veiligheid
 - Wet- en regelgeving en ruimtelijke ordening
 - Onderwijs en arbeidsmarkt
- Ism Den Helder Airport/ Maritiem Vliegveld de Kooy
- MoU met DART (Monterey, Californië)

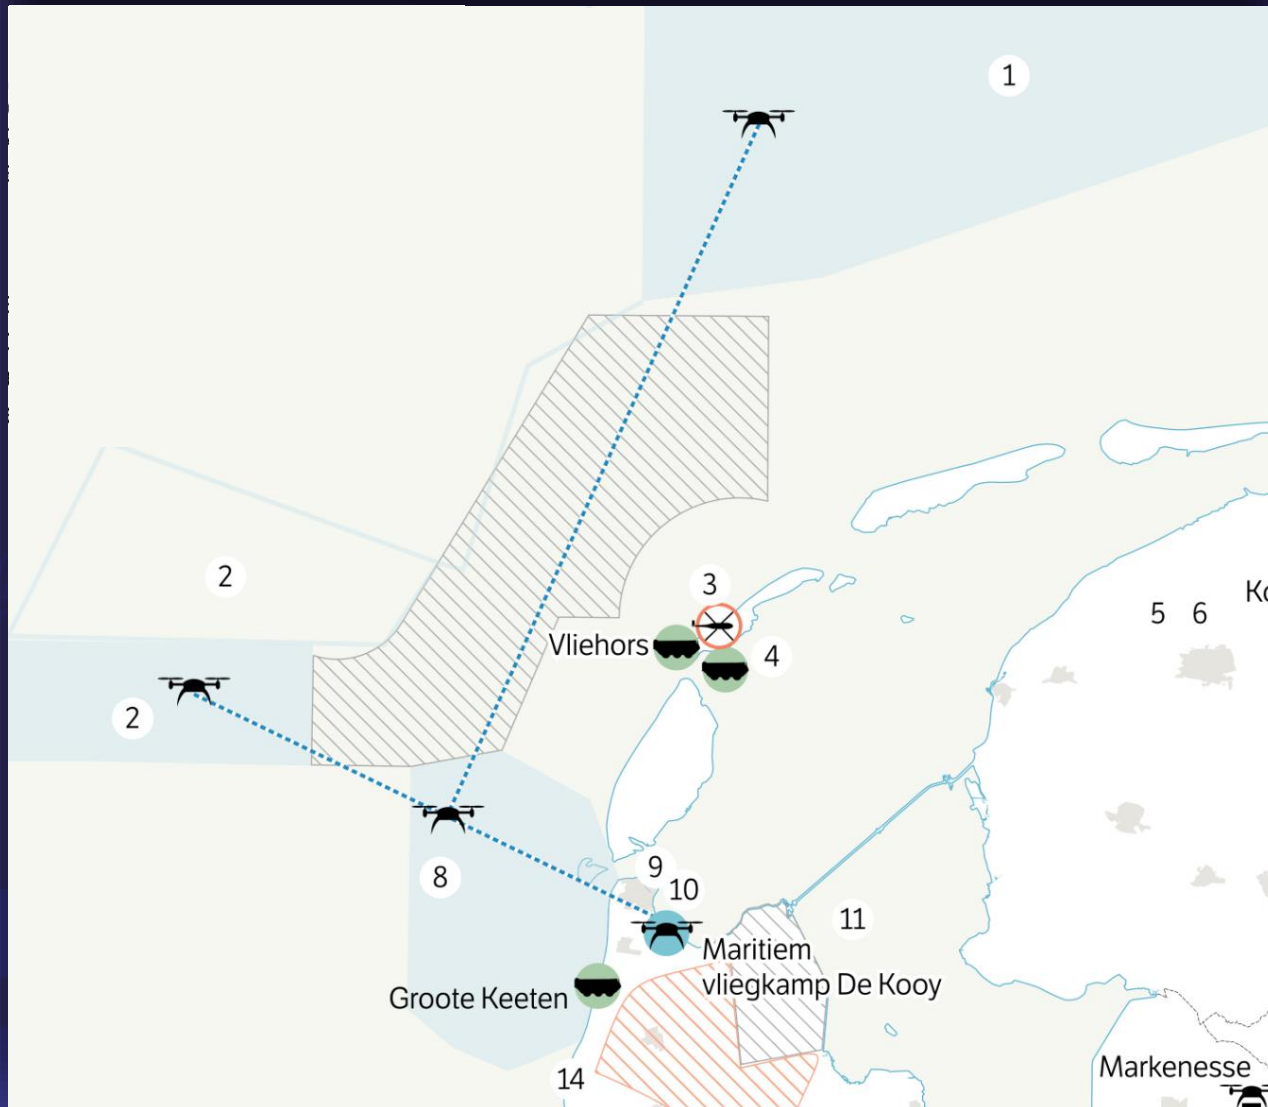

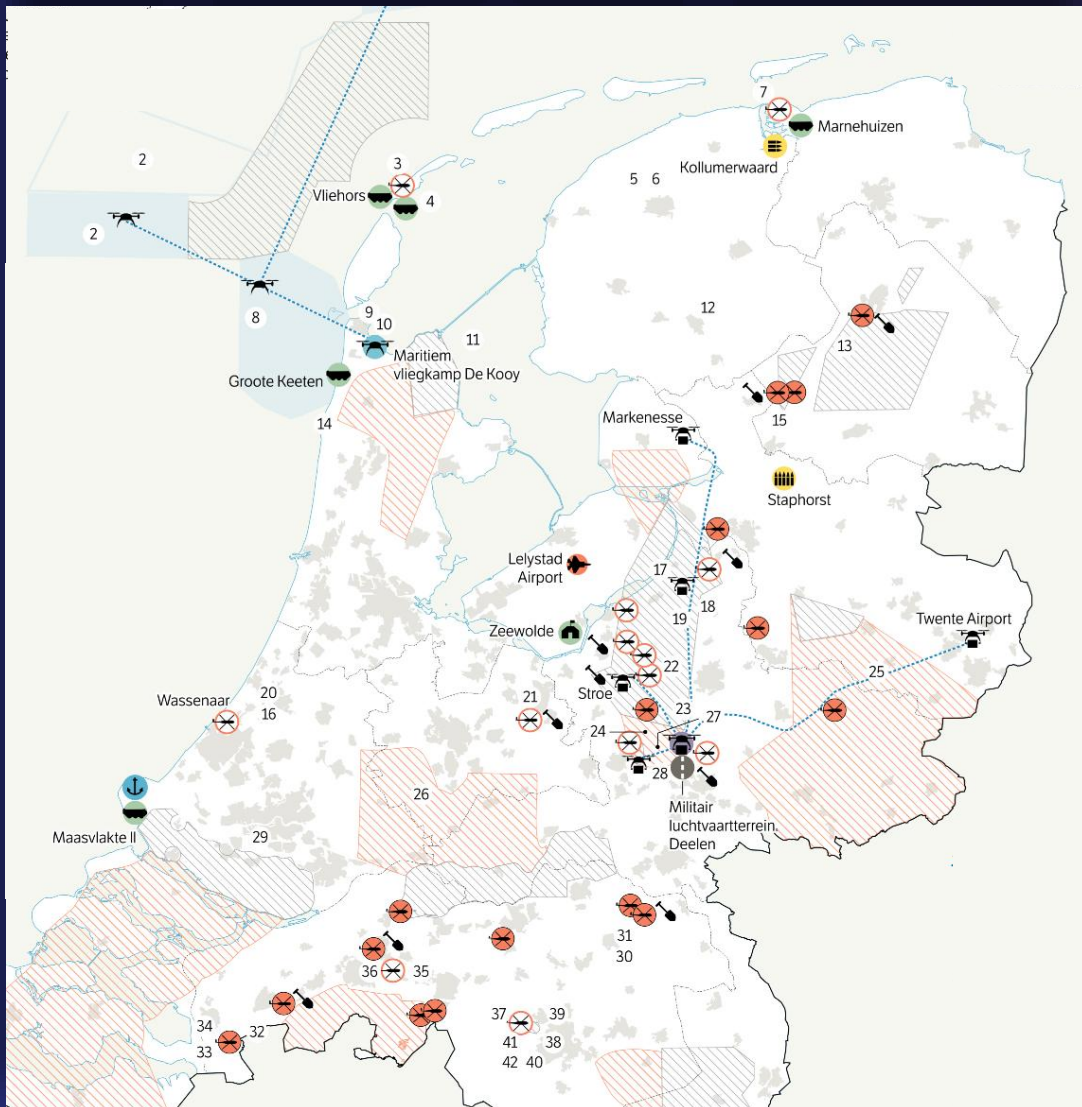

Offshore logistiek

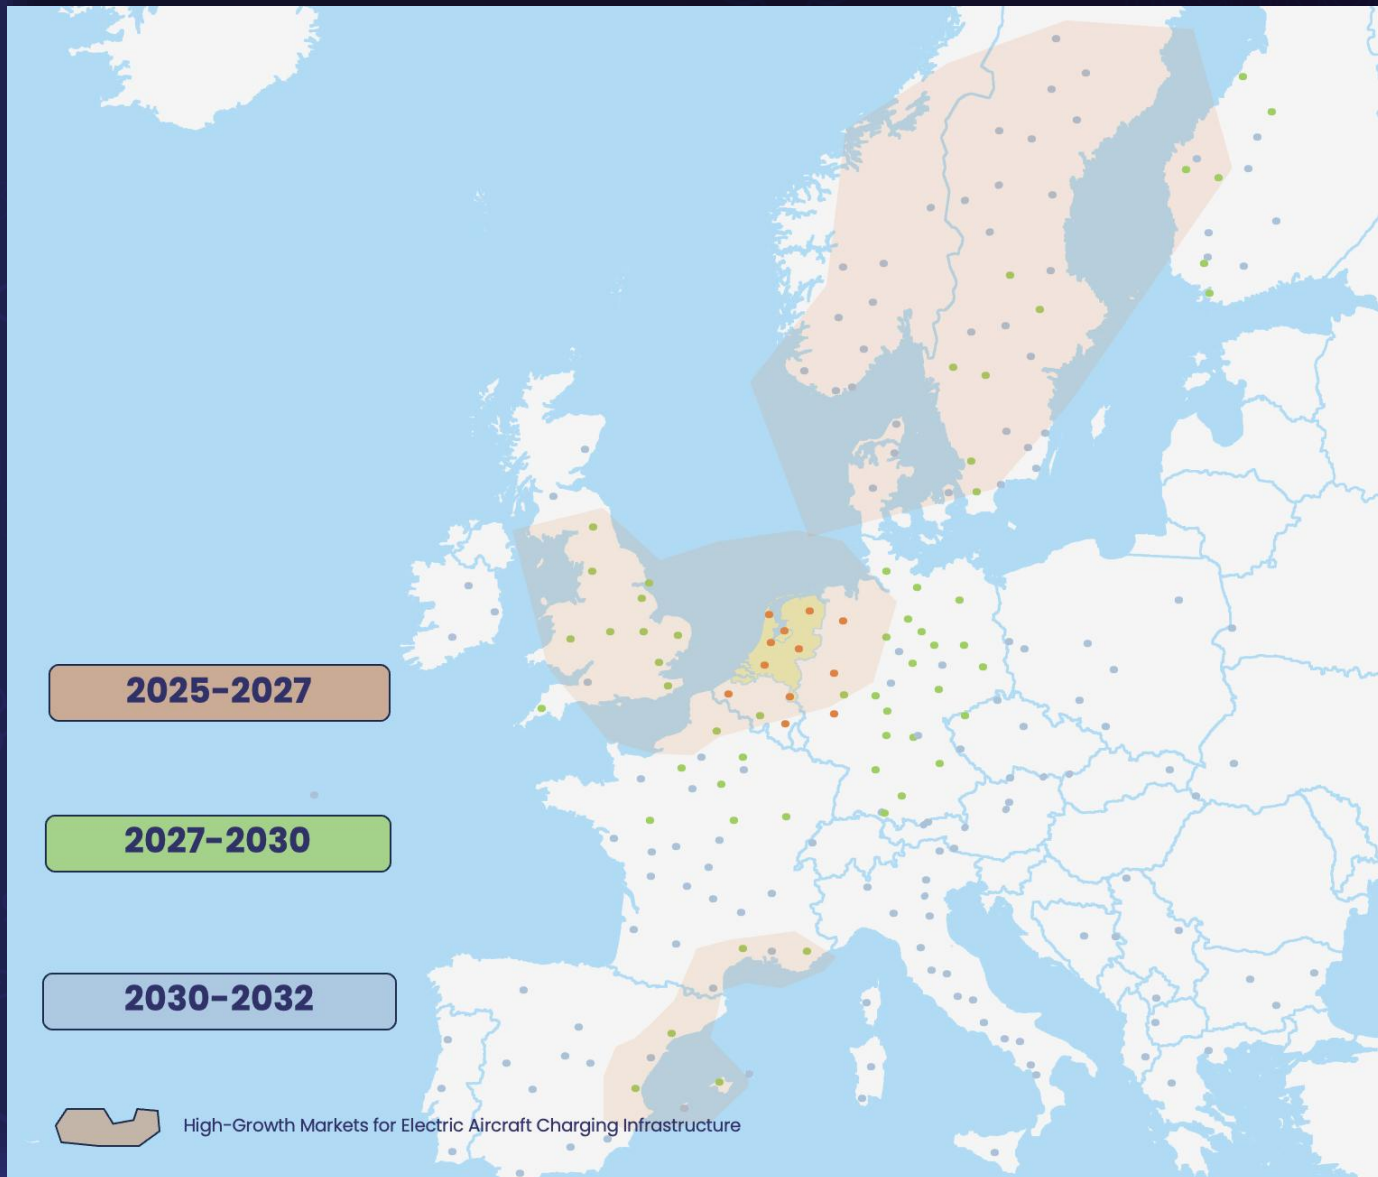

EMERGING

Militair oefengebied

Elektrificeren luchtvaart

Charging Network Roll-out

Commercial Electric Flights by 2027-2030:

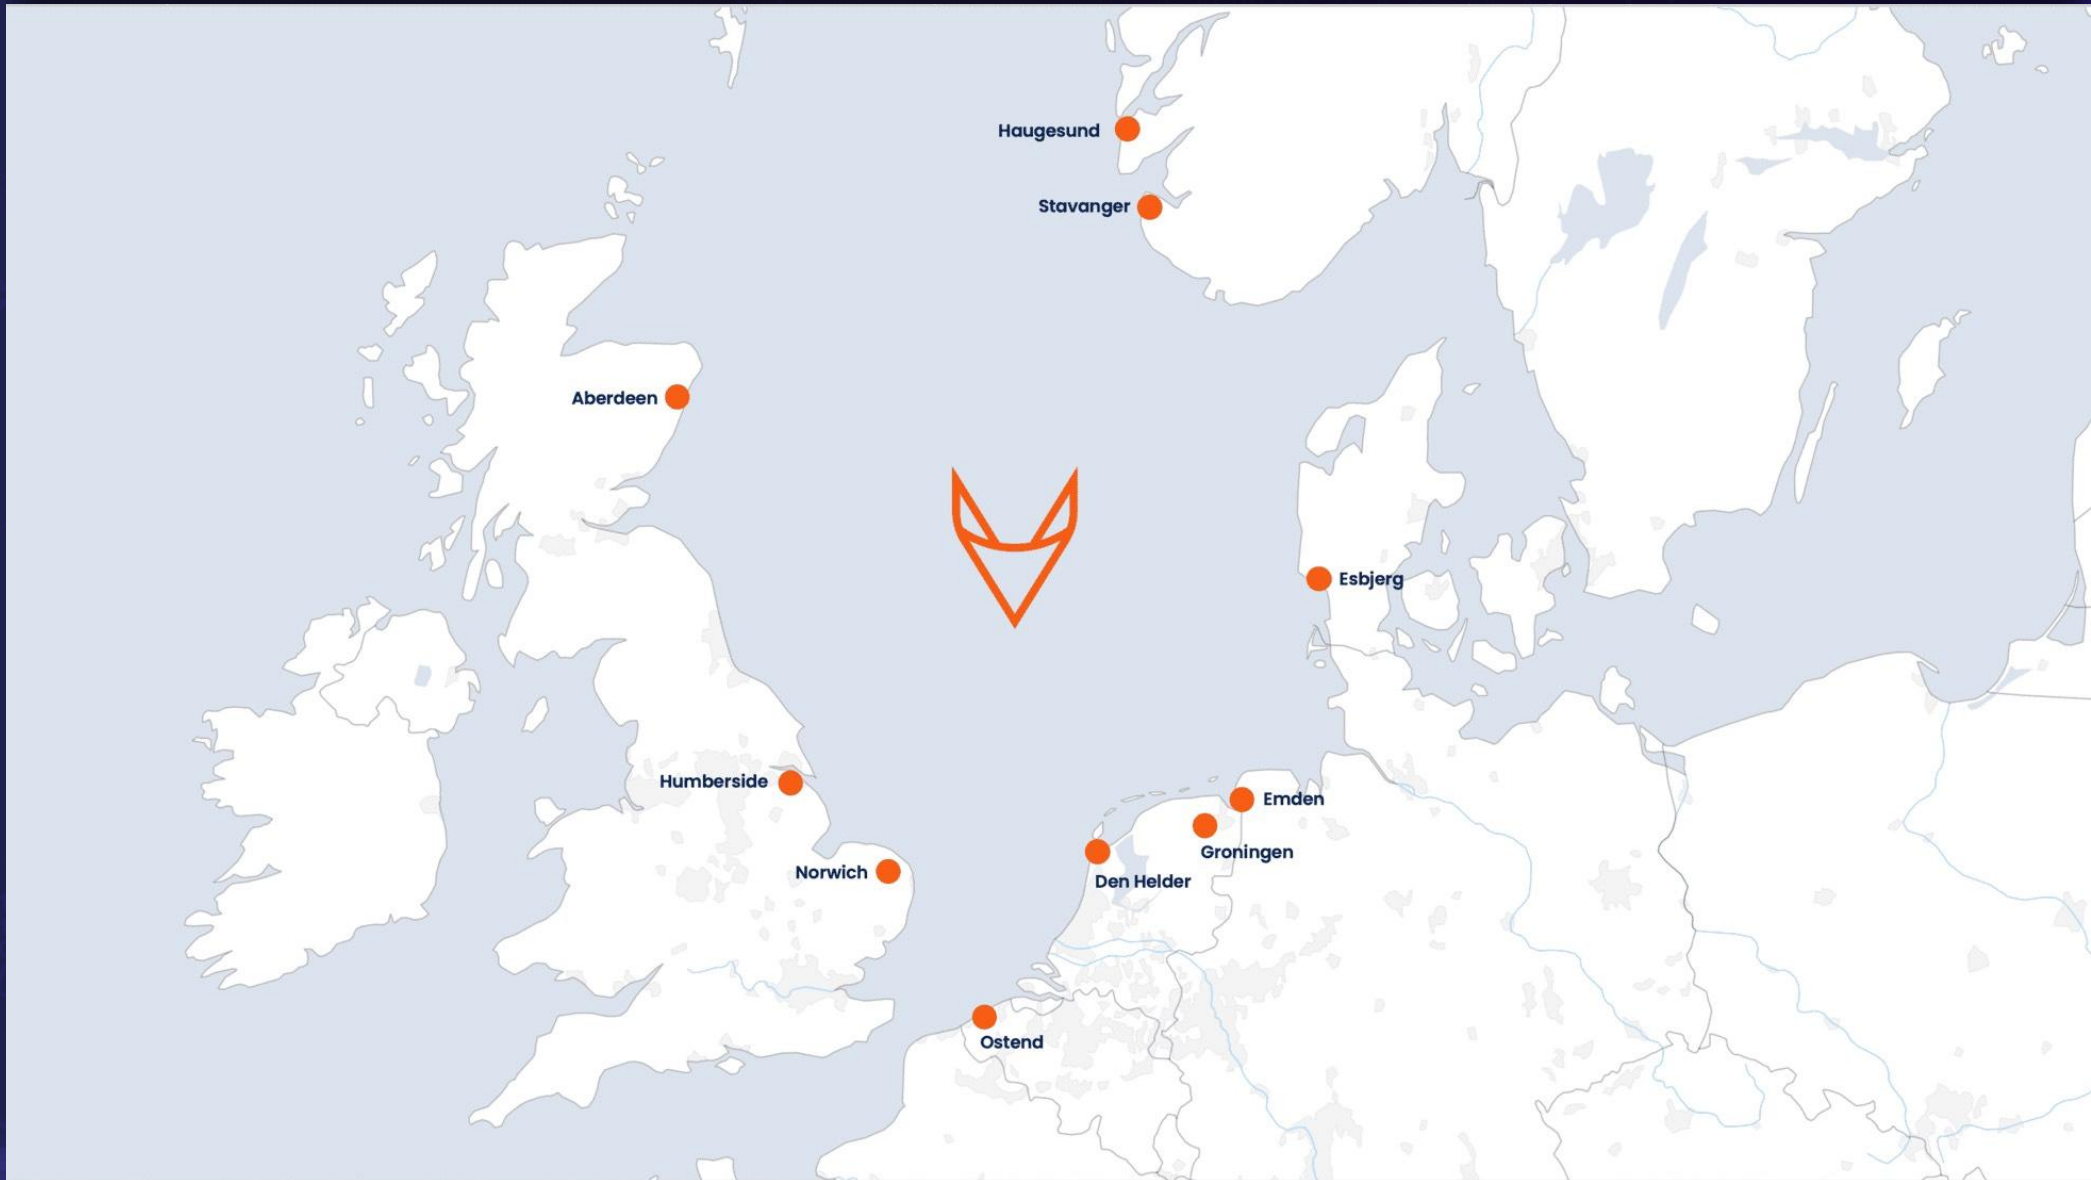

We anticipate launching the first commercial electric flights across Europe during this period.

Rapid Network Expansion:

As electric aviation expands, the charging network will grow rapidly

Noordzee luchthaven netwerk

Power Up regionaal luchthaven netwerk
